

What do you enjoy doing when you're with a friend?

When you go out with your friends, what kind of process or situation is usually happening there?

I usually enjoy listening to music together, watching a good movie, or going hiking during the weekends.

We are usually socializing or chatting.

That sounds lovely! Do you guys also discuss the content of musics and movies together?

Correct! These socializing are often about sharing ideas. What would you consider this exchange?

Absolutely! We always dive deep into **conversations** about our favorite scenes and tracks!

I know the word! It is "**conversation**".
