

JESÚS N. PINTO LEDEZMA

Department of Ecology, Evolution and Behavior • University of Minnesota • St Paul, MN 55108

jpintole@umn.edu • www.jesusnpl.github.io • @JesusNPL

RESEARCH INTERESTS

I am an evolutionary and quantitative ecologist whose work focuses on developing a deeper understanding of species coexistence and patterns of diversity across spatial and temporal scales, and the underlying processes that drive, maintain and alter such patterns. I have a passion for science and for diversity and inclusion in education and research.

EDUCATION

Ph.D., Ecology and Evolution 2013-2017

Universidade Federal de Goiás - Goiânia Goiás, Brazil

Dissertation: *Origin and assembly of Furnariides assemblages across space and time: the role of historical processes*

Advisor: José Alexandre Felizola Diniz-Filho

M.S., Wildlife Management 2006-2009

Universidad Nacional de Córdoba - Córdoba Córdoba, Argentina

Dissertation: *Determination of special protected areas for the conservation of migratory birds in the Mar Chiquita Reserve*

Advisors: Adrian H. Farmer and Enrique H. Bucher

B.A., Biology 2001-2006

Universidad Autónoma Gabriel René Moreno Santa Cruz, Bolivia

Distinction in All Subjects. *Cum Laude Honors*

Advisor: Teresa Ruiz de Centurión

PROFESSIONAL APPOINTMENTS

Research Scientist 2020-present

University of Minnesota, Department of Ecology Evolution and Behavior St Paul, MN, USA

Grand Challenge in Biology Postdoctoral Fellow 2017-2020

University of Minnesota, Department of Ecology Evolution and Behavior St Paul, MN, USA

Research Associate 2009-present

Museo de Historia Natural Noel Kempff Mercado Santa Cruz, Bolivia

Ad Honorem

Guest Lecturer 2012-2013

Carrera de Biología, Universidad Autónoma Gabriel René Moreno Santa Cruz, Bolivia

Visiting Researcher 2010-2011

Centro de Pesquisas do Pantanal, Universidade Federal de Mato Grosso Cuiabá, Bolivia

Intern 2003-2006

Museo de Historia Natural Noel Kempff Mercado Santa Cruz, Brazil

Bolivian Military Service 2000-2001

Air Force Santa Cruz, Bolivia

AWARDS AND FELLOWSHIPS

AAAS/Science Membership Award, the American Association for the Advancement of Science Program for Excellence in Science 2020-present

Grand Challenges in Biology Postdoctoral Program, University of Minnesota, College of Biological Sciences 2017-2020

CAPES PhD fellowship, Coordination for the Improvement of Higher Education Personnel, Brazil 2015-2017

OEA-CGUB Doctoral Scholarship, Organization of American States (OAS) and the Coimbra Group of Brazilian Universities (GCUB), Brazil 2014-2015

Master's Program in Wildlife Management, US Wildlife Service, Universidad Nacional de Córdoba, Córdoba, Argentina 2006-2008

ISSLR Membership and Travel Award, International Society of Salt Lake Research 2011

SWS Membership Award, Society of Wetlands Scientists 2010-2013

SCB Membership Award, Society for Conservation Biology - A global community of conservation professionals 2007-2009

Best Student Award for the Biology Major, Universidad Autónoma Gabriel René Moreno, Santa Cruz de la Sierra, Bolivia 2005

RESEARCH ACTIVITIES

FEDERALLY FUNDED GRANTS (3 awards totaling USD 5,886,664)

NASA ROSES Biodiversity: Mapping changes in forest diversity and disease in North American temperate forests. 2021-2024

Role: Co-Investigator

Cavender-Bares, Jeannine (Lead-PI, UMN), Townsend, Philip (co-PI, UW). **Award: USD 481,933.**

National Science Foundation, MSA: Integrating biodiversity observations with airborne and satellite data to predict shifts in assemblage diversity and composition under global change. 2020-2023

Role: Principal Investigator

Pinto-Ledezma, Jesús N. (Lead-PI, UMN), Cavender-Bares, Jeannine (co-PI, UMN). **Award: USD 299,375.**

National Science Foundation, BII Implementation: The causes and consequences of plant biodiversity across scales in a rapidly changing world. 2020-2025

Role: Co-Investigator

Cavender-Bares, Jeannine (Lead-PI, UMN), Townsend, Philip (co-PI, UW), Reich, Peter (co-PI, UMN), José E. Meireles (co-PI, UMaine), Amy Trowbridge (co-PI, UW). More information at: <https://www.spectralbiology.org>. **Total award: USD 12,5000,000.** Awarded to date: USD 5,105,356.

NON-FEDERALLY FUNDED GRANTS (8 awards totaling USD 188,508)

College of Biological Sciences, UMN, Grand Challenges in Biology Postdoctoral Fellowship: Evaluating the roles of ecological and historical processes in biological invasions. 2017-2020

Role: Postdoctoral Fellow

Award: USD 157,500.

Academia Nacional de Ciencias de Bolivia, Capitulo Santa Cruz: Amphibians as a model of biological control in agricultural areas of central Santa Cruz, Bolivia. 2016-2017

Role: Co-Principal Investigator

Pinto, Marco Aurelio (Lead-PI), **Pinto-Ledezma, Jesús N.** (Co-PI). **Award: USD 1,500.**

Rufford Foundation: Rescuing the biodiversity of the Cerro Mutún: a basis for generation the conservation measures for Bolivian biodiversity. 2016-2017

Role: Co-Principal Investigator

Villarroel, Daniel (Lead-PI), **Pinto-Ledezma, Jesus N.** (Co-PI). **Award: USD 7,674.**

Rufford Foundation: Long-Term Effects of Habitat Modification on Amphibians in the Yungas and Inter-Andean Dry Valley Ecoregions. 2013-2014

Role: Co-Principal Investigator

Sosa, Ronald (Lead-PI), **Pinto-Ledezma, Jesús N.** (Co-PI). **Award: USD 6,568.**

Rufford Foundation: The Hyacinth Macaw Program: Population Status and Conservation of the Hyacinth Macaw. 2013-2014

Role: Principal Investigator

Pinto-Ledezma, Jesús N. (PI). **Award: USD 7,168.**

Academia Nacional de Ciencias de Bolivia, Capítulo Santa Cruz: Analysis of effect of the land use change on amphibian communities in the Mutun region. 2012-2013

Role: Principal Investigator

Pinto-Ledezma, Jesús N. (PI). **Award: USD 1,500.**

Academia Nacional de Ciencias de Bolivia, Capítulo Santa Cruz: Areas for the conservation of the Hyacinth macaw. 2011-2012

Role: Principal Investigator

Pinto-Ledezma, Jesús N. (PI). **Award: USD 1,500.**

Rufford Foundation: Testing a Habitat Model for the Hyacinth macaw (*Anodorhynchus hyacinthinus*) and Mapping HS for the Species in Protected Areas in Bolivian Pantanal. 2009-2011

Role: Principal Investigator

Pinto-Ledezma, Jesús N. (PI). **Award: USD 5,098.**

PUBLICATIONS

As of May 2021, I have published 30 peer-reviewed articles, 4 peer-reviewed book chapters and 3 non-peer-reviewed chapters.

Indexed Journals and Peer-reviewed Book chapters:

**Undergraduate student*

34. Cavender-Bares, J., P. Reich, P.A. Townsend, A. Banerjee, E. Butler, A. Desai, A. Gevens, S. Hobbie, F. Isbell, E. Laliberté, J.E. Meireles, H. Menninger, R.P. Pavlick, **J.N. Pinto-Ledezma**, C. Potter, M.C. Schuman, N. Springer, A. Stefanski, P. Trivedi, A. Trowbridge, L. Williams, C.G. Willis and Y. Yang. (2021). BII-Implementation: The causes and consequences of plant biodiversity across scales in a rapidly changing world. *Research Ideas and Outcomes*, 7: e63850.

ZOO 344: **Vertebrate Zoology** (Teaching Assistant) Spring 2003-2005, Fall 2003-2005
Six semesters

Universidad Autónoma Gabriel René Moreno: Department of Botany
Introduction of statistics (Instructor) Mar, 2012, 2013, 2014
Three intensive courses of one week each

Universidad Autónoma Gabriel René Moreno: IV Congreso Boliviano de Ecología
Species distribution modeling with R (Instructor) Jun, 2014
Three days course

DIRECTED STUDENT MENTORING:

PhD Thesis Committee:

Axel Arango García, August 2019 - Present. External committee member, PhD Thesis/Project: 'Effects of dispersal on the diversification of Emberizoidea (Aves, Passeriformes) in the New World'. Instituto de Ecología A.C., Xalapa, Mexico.

Master's Graduate Advisees:

Marco Aurelio Pinto Viveros, February 2017 – August 2019. Master Science Thesis: 'The amphibians as a model of biological control in agricultural areas of Santa Cruz, Bolivia', Master program Manejo de Recursos Naturales y Medio Ambiente, Universidad Autónoma Gabriel René Moreno, Santa Cruz de la Sierra, Bolivia.

Past Undergrad Advisees:

Katherine Mano Cuellar, March 2012 – July 2014. Distinction in All Subjects. *Magna Cum Laude*. Undergraduate Project. 'Effects of land use change on amphibian community composition in central Santa Cruz, Bolivia'. Carrera de Biología, Universidad Autónoma Gabriel René Moreno, Santa Cruz de la Sierra, Bolivia.

Marco Aurelio Pinto Viveros, March 2012 – December 2014. Distinction in All Subjects. *Magna Cum Laude*. Undergraduate Project: 'The herpetofauna of the Mutún region, Santa Cruz, Bolivia'. Carrera de Ciencias Ambientales, Universidad Autónoma Gabriel René Moreno, Santa Cruz de la Sierra, Bolivia.

Ronald Sosa Escalante, March 2013 – July 2016. Undergraduate Thesis: 'Estudio de la mortalidad de serpientes atropelladas en la carretera Antigua a Cochabamba, Provincia Florida, Santa Cruz, Bolivia, Carrera de Biología, Universidad Autónoma Gabriel René Moreno, Santa Cruz de la Sierra, Bolivia.

PRESENTATIONS

Invited talk - Plant diversity: community structure, composition and detection Jan, 2021
Ecology, Evolution and Behavior Seminar Series, University of Minnesota (Online) *St Paul, MN*

Poster - Integrating Biodiversity Observations With Airborne and Satellite Data To Predict Shifts in Assemblage Diversity and Composition Under Global Change Jan, 2021
NSF Macrosystems Biology and NEON Enabled Science PI Meeting *Online meeting*

Invited talk - Macroecology and macroevolution in the Neotropics Nov, 2020
Department of Geography, Federal University of Rio Grande do Norte *Online talk*

Talk - Introduction to graphical models Jan, 2020
Evolutionary Biology Network, Institute of Ecology *Xalapa, Mexico*

Talk - The role of ecology and evolution on the assembly and species co-occurrence at different spatial and temporal scales Sep, 2019
Grand Challenges in Biology Symposium, University of Minnesota *St Paul, MN*

Poster - Testing Darwin's naturalization conundrum based on taxonomic, phylogenetic and functional dimensions of vascular plant diversity Aug, 2019
Ecological Society of America Annual Meeting *Louisville, KY*

Invited talk - Wildlife management and indigenous people in Bolivian lowlands Apr, 2019
Mano a Mano International Partners *St Paul, MN*

Talk - Integrated Global Biodiversity Detection: Plant Spectra, Phylogenetics, and Enhanced Species Distribution Models (Co-author) Dec, 2018
AGU Annual Meeting *Washington DC*

Talk - Evolutionary macroecology Dec, 2018
Museo de Historia Natural Noel Kempff Mercado *Santa Cruz, Bolivia*

SYMPOSIA AND WORKSHOPS ORGANIZED

Round table on Diversity in Biodiversity Science (Organization committee) Oct, 2020
Biodiversity Research Coordination Network (RCN) *Online meeting*

X Bolivian Congress of Ornithology (Scientific committee) Oct, 2019
Asociación Boliviana de Ornitología and Universidad *Sucre, Bolivia*

IV Bolivian Congress of Ecology (Vice-president and Scientific committee) Jun, 2014
Asociación Boliviana de Ecología *Santa Cruz, Bolivia*

Climate Change and Water Use (Organization committee)
ADAPCLIM conference

Oct, 2010
Asunción, Paraguay

First Encounter on Knowledge and Management of the Pantanan and Chiquitania in the
context of the Paraguay River Basin (Organization committee)
Museo Noel Kempff Mercado/SINERGIA

Jun, 2010
Puerto Quijarro, Bolivia

EXPERIENCE WITH SCIENTIFIC COLLECTIONS AND CURATION

Museo de Historia Natural Noel Kempff Mercado, Santa Cruz de la Sierra, Bolivia

1. **Assistant curator:** identification, preparation and maintenance of bird specimens collected in the field (2009 – 2014).
2. **Coordinator:** development of the Geospatial Centre for Biodiversity in Bolivia—for the vertebrate collection at the Museum in collaboration with a team of taxonomists. <http://www.museonoelkempff.org/cgb/>. (2011 – 2013).
3. **Field coordinator of biological inventories** in National Protected Areas of Bolivia, including Ríos Blanco y Negro Wildlife Reserve (2009), Otuquis National Park (2011, 2013).

SKILLS

Languages	First language: Spanish (Fluent speaking, reading, and advanced writing) Proficient: English, Portuguese (speaking, reading, and writing)
Computer Programming	Advanced: R, MARKDOWN Intermediate: L ^A T _E X, GIT, ARCGIS, QGIS, ERDAS IMAGINE Familiar with: PYTHON, C++, MATLAB, BASH, ENVI

SERVICE AND OUTREACH ACTIVITIES

SERVICE AS REVIEWER:

Publons: <https://publons.com/researcher/1588941/jesus-n-pinto-ledezma/>

I served as an expert reviewer for the 2020 Red List of birds (eastern South America). In addition, I have served as a reviewer in areas of macroecology, macroevolution, bird taxonomy and systematics, ecology and evolution, community ecology in journals, including:

Ecology(3), Frontiers in Ecology and the Environment, Ecological Monographs(2), Ecology Letters, Journal of Biogeography(8), Global Ecology and Biogeography(7), Diversity and Distributions(3), Ecology and Evolution(2), Journal of Field Ornithology, EMU (Australian Journal of Ornithology), El Hornero (Ornitología Neotropical), Kempffiana, Oecología Australis, Journal of Animal Ecology(2), Journal of Ecology, Journal of Plant Ecology, Annals of Botany, Biodiversity and Conservation(2), Forest Ecology and Management, Plos One, Perspectives in Ecology and Conservation(2), Journal of Zoological Systematics and Evolutionary Research, Nature Communications(2), Systematic Biology, Molecular Biology and Evolution, Biological Journal of the Linnean Society(2), The American Naturalist, Journal of Vegetation Science(2), New Phytologist, Remote Sensing in Ecology and Conservation, Methods in Ecology and Evolution.

NATIONAL AND INTERNATIONAL SERVICE ACTIVITIES:

1. **Official Bolivian member** for the Society of Wetlands Scientists, South American Chapter.
2. **Research Advisor in Ecology and Natural Resources:** National Academy of Sciences of Bolivia, Santa Cruz Chapter (*Scientia Crucensis*).

INTERNSHIP IN NATIONAL PROTECTED AREAS:

1. **Parque Nacional Leoncito**, Departamento Calingasta, San Juan, Argentina. 21 days including weekends. (2007).
2. **Reserva Forestal el Choré**, Provincia Ichilo, Santa Cruz, Bolivia. 45 days including weekends. (2005).

OUTREACH:

While working at the Noel Kempff Mercado Natural History Museum in Santa Cruz de la Sierra, I participated in outreach activities with visitors. I participated in guided visits from elementary and high school students and to the ornithological collection at the Museum, where we explored the role of scientific collections in science and society and how we learn about and document biodiversity.

As a postdoctoral fellow at the university of Minnesota, I have been participating in different science outreach programs. One of the programs involves bringing elementary school students (usually 5th and 6th graders) to the University of Minnesota. I lead part of the biodiversity sessions, in which the students can see and manipulate different plant species in the greenhouse and learn about the role of environmental conditions in species diversity, function and adaptations. I have also participated in the Market Science, which aims to connect people with science. In Market Science we created hands-on science activities for children in Farmer's markets. For example, my last experience in Market Science (September 2019), Laura Toro (PhD candidate from Colombia) and I created activities related to the impacts of wildfire and human induced fires in South America. Also, I gave a public talk at "Mano a Mano" International Partners (April 2019, <https://manoamano.org>) on wildlife management and indigenous people in Bolivian lowlands. In this talk, I highlighted the importance of working with local communities in order to preserve the natural capital. More recently, I have co-organized an online round table entitled **Diversifying Biodiversity Science** under the RCN: Cross-Scale Processes Impacting Biodiversity collaborative project, in which several panelists were invited to talk about their experiences regarding the inequalities in biodiversity science and how they are working to make our work more inclusive.

I am also a Spanish-language reviewer for **The American Naturalist**. The aim is helping The American Naturalist to expand the communications reach of the world-class science that nonnative English speakers produce.
